

## Remote Deposit Capture+

Help grow fee income and customer satisfaction

Elevate your financial institution with one of the most comprehensive Remote Deposit Capture (RDC) solutions available.

Deluxe RDC+ goes beyond traditional remote deposit capture by combining industry-leading features—like multilingual functionality, location awareness and web-based training—with intuitive operation and flexible scanning capabilities. More than just software, it's a partnership to grow fee income, satisfy customers and streamline your operations at every stage.

### Comprehensive RDC Solutions

Your business customers, financial institution staff, and consumers have unique needs, and the product's modules address them. Select the right ones for your customer needs.

### Seamless RDC

The Premier RDC Scanner Program simplifies Remote Deposit Capture by integrating top-tier software with efficient scanner fulfillment.

### Expert Migration Services

From first-time installations to large-scale migrations, Deluxe provides expert guidance, resources and tools to simplify RDC transitions. Our Migration Services ease the burden on your team, helping manage timing, staffing and system challenges. With Deluxe, you can strengthen customer relationships and create lasting value.

### Proactive Risk Monitoring

Optional Deluxe risk tools help simplify compliance by proactively monitoring risk and providing controls through customized limits, geolocation settings, and reporting. Streamline customer communication on decisioned items and leverage internal reporting with built-in tools.

The value that these products bring is first for our customers. They provide efficiency, allow our customers to be more nimble, and from a bank point of view, it allows us to utilize technology and reduce manual processes.
