

Businesses have bills to pay. We have a fast, efficient way to pay them.

Deluxe® eChecks—cutting-edge technology that combines the best of check writing with the convenience of email delivery, giving businesses a fast and easy solution to go along with traditional checks.

The screenshot shows a check form for Sprout Rentals. The payee information includes the company name, address (1234 Sample Street, Anytown, IN 45632), and a phone icon. The check number is VV229 and the date is 04/17/2017. The amount is \$178.90, written as "One hundred seventy-eight and 90/100 DOLLARS". The memo is "HVAC tune-up". A routing slip is present with the account number "HVAC@AlwaysComfortable.com". A note at the bottom states "Account numbers are concealed for your security".

It's Electronic. It's a Check. **It's an eCheck!**

PAY QUICKLY

- Whether there's one, 10 or 100 bills to pay, just issue and send checks with just a few keystrokes.
- The simple user interface can be used for small runs or to export information from accounting software and issue many payments at once.

PAY AFFORDABLY

- Save time and money by paying less for stamps and envelopes, and by reducing the labor required to write, stuff and stamp paper check payments. Avoid overnight mail costs or wire transfer fees whenever payments need to be sent immediately.

PAY SAFELY

- Before being allowed to issue payments, an eCheck user must first prove they have access to the checking account.
- One method Deluxe uses to validate the user has access is by depositing a micro-deposit into the checking account.
