

For the love of small business.®

Provide the Right Solution

- ▶ The right checks will save time and money and provide additional protection from fraud.
 - ▶ See the **New Business Account Guide** for a selection of products, including:
 - Intropacks
 - High Security checks
 - Laser/Computer checks
 - 3-On-A-Page checks
 - Cash Management Supplies
- and more**

High Security Personal-size Business Checks

Simple

Some small businesses may need simple solutions. Personal-size Business Checks are perfect for a very small-size business, hobby enterprise, club or volunteer organization, such as a Boy/Girl Scout troop.

Professional

Personal-size Business Checks look professional and include a larger supply of checks and deposit slips than personal checks, plus they feature a special business-style register.

Handy

Even the smallest businesses need to write checks occasionally. Personal-size Business Checks are the smart, convenient way to make sure they're always ready.

Portable

A business sometimes needs the convenience of a smaller, on-the-go format that can be used outside the office. That makes these checks a smart complement to your standard business-size checks.

The most innovative High Security features:
 multi-dimensional hologram,
 anti-copy technology,
 thermochromic ink,
 chemically sensitive paper,
 and more!
