

Help Small Businesses

Reduce the Risk of Fraud and Identity Theft

with EZShield Check Fraud Protection Program® and EZShield Business Identity RestorationSM

EZShield Check Fraud Protection provides advancement of lost funds incurred up to \$25,000 due to check fraud within 72 hours of receipt of completed paperwork. Check fraud losses include incidents related to forged signatures and endorsements, counterfeit or altered checks.* EZShield® Plus also includes EZShield Business Identity Restoration, a service that provides a certified Restoration Specialist to help restore the business and business owner's identity in the event of identity theft.

Why is it important for small businesses?

It's been proven that small business owners are at a greater risk of becoming a victim of fraud than consumers. What's more, they have more to lose since they generally have higher account balances and more sensitive identity attributes in circulation every day. The typical financial loss incurred by companies due to payments fraud in 2014 was \$20,000.¹

How Deluxe helps inform the business customer about EZShield:

- Deluxe New Business Account Guide, provided to branches, include information on EZShield services.
- An insert is included in each check package to inform the business customer of the service. This insert includes an overview of the service and instructions for accessing detailed terms and conditions at deluxesb.ezshield.com
- Order confirmation notices sent via email state the EZShield services that are included with the check order.
- Check orders with Check Fraud Protection will include a security logo on the checks to remind customers they are protected by EZShield.

We recommend you do the following:

- Provide clear notice and explanation of EZShield services to the business customer before the business check order is placed.
- Utilize the Deluxe New Business Account Guide as a tool to inform business customers of the EZShield services.
- Direct business customers to deluxesb.ezshield.com for more information about specific EZShield terms and conditions.
