

A low-cost payment solution offering all the benefits of paper checks with the added convenience and speed of an online payment system.

The innovative, fast, easy and secure way to send checks.

Your bill-paying process should match the fast pace of the digital world and that starts with emailable checks from Deluxe. No more paying for envelopes, stamps and paper checks. All you need is the recipient's email address and you'll be able to create, sign and email payments from your computer, mobile device, or directly from QuickBooks via API. Deluxe eChecks are just like paper checks, only faster. Don't waste your valuable time making paper payments when you could be spending it making money.

Send secure checks faster and more reliably in four simple steps:

- 1. Create & Send**
- 2. Receive & Retrieve**
- 3. Print the eCheck**
- 4. Deposit the eCheck**

Reduced time and costs - Manual processes can be costly and time consuming. Deluxe eChecks allow you to create and send emailable checks in a fraction of the time and less than half of the cost of paper checks. Eliminate the burden of assembling your payments. No more printing checks, stuffing envelopes, and mailing payments.

More flexibility - Make payments on your terms. eChecks allow you to easily send check payments from the eChecks platform or our mobile app. With just a click of a button, you can send an eCheck straight to their email in seconds, or if you prefer to send a paper check you can take advantage of our Print+Mail service.

Patented Security - Deluxe eChecks offer innovative security features that dramatically reduces risk for your business. Unlike other electronic payment methods, all you need to send Deluxe eChecks is your recipient's email address. There's no need to obtain and secure the recipient's sensitive financial information.

Easy integration - Simplify your accounts payable processes by sending eChecks directly from QuickBooks®. Seamlessly integrate eChecks with QuickBooks using our free app, available in the QuickBooks app store. Compatible with QuickBooks Online, QuickBooks Desktop, and other select accounting software.

More Control over Cash Flow - Take back control of your cash flow. No more building in extra time for paper checks to be delivered via U.S. Mail. Emailable checks are received within seconds of being sent, allowing you to make payments the day they are due, maintaining control of your money longer.

Simultaneous Remittance Data - Ensure that your payment is appropriately applied to the intended invoice. Unlike other electronic payment options, Deluxe eChecks allow you to include detailed, freeform, remittance information with your payment.

Eco-Friendly - Sustainable, efficient and economical, Deluxe eChecks are the perfect payment solution for any business, large or small. With their paperless delivery, eChecks prevent the wasteful use of excess paper.

Ease of Deposit - With a variety of options, recipients can deposit funds the way that works best for them. Whether they prefer their bank's mobile app, visiting a local branch, or instantly depositing funds directly from our platform¹, there is a solution to meet every need.

Companion Products:

eDeposit - Your eCheck recipients can take advantage of our eDeposit Services powered by Hyperwallet, without extra steps or fees.

Print+Mail - You can send a high-security paper check through the Deluxe eChecks platform with Print+Mail. The Deluxe Print+Mail Payment Service takes care of the manual task of printing, stuffing and mailing paper checks, all for a fraction of the cost of doing it yourself.

We (Re)Invented Checking. Again.

For more than 100 years, Deluxe has been a leader in secure business payments. With the addition of eChecks and now Print+Mail, you have two new ways to get payments to anyone, via their mailbox or inbox.

Paper Checks

\$120

Traditional payments you write and mail yourself.

No change to your routine, you're in charge of everything.

Time consuming and costly to keep needed supplies on hand.

Print+Mail

\$50

(savings of \$70*)

One click and we'll Print+Mail secure paper checks for you.

A fraction of the time and expense of mailing checks.

No change to payee experience - they still receive a paper check.

eChecks

\$20

(savings of \$100*)

Instantly email legal checks to anyone with an email address.

No need for mailing address or bank routing numbers.

Checks can be deposited at any bank or via mobile apps.
