

Businesses have bills to pay. We have a new, efficient way to pay them.

The latest innovation in checks comes from the leaders in the check industry. Introducing Deluxe® eChecks. This cutting-edge technology combines the best of check writing with the convenience of email delivery, giving businesses a fast and easy solution to go along with traditional checks.

The screenshot shows a digital check form. At the top left is the Sprout Rentals logo and address: "Sprout Rentals, Your place for a new Start!, 1234 Sample Street, Anytown, IN 45632". To the right, it says "Check No. VV23" and "Date 04/17/2017". The "PAY TO THE ORDER OF:" field contains "Always Comfortable Heating & Co." and the amount is "\$ 178.90". Below this, the amount is written in words: "One hundred seventy-eight and 90/100 DOLLARS". A memo field contains "HVAC tune-up". At the bottom, there is a field for the email address "HVAC@AlwaysComfortable.com" and a green "Create and Sign" button. A message at the bottom left says "Thank you for doing business with Sprout Rentals!".

It's Electronic. It's a Check. **It's an eCheck!**

PAY QUICKLY

Whether there's one, 10 or 100 bills to pay, you can issue and send checks with just a few keystrokes. The simple user interface can be used for small runs or to export information from accounting software and issue many payments at once.

PAY AFFORDABLY

Save as much as \$1 per eCheck by paying less for stamps and envelopes, and by reducing the labor required to write, stuff and stamp paper check payments. Businesses also avoid overnight mail costs or wire transfer fees whenever payments need to be sent immediately.

PAY SAFELY

All eCheck accounts are verified through the issuing bank's account authentication system. Once authorized (signed), an eCheck cannot be altered. Further, any eCheck can be verified online to be sure that the account numbers, payee and amount have not been altered.

ORDERING DELUXE eCHECKS
